About Me

Turning unique music, technical recording, and a Music Production Bachelors into a thriving career in the music industry. I'm a hard working, team oriented, self-driven, creator who is an asset in any position.

Skills

- Recording
 - Live Music Audio
 - Mixing/Mastering
 - Vocals
- Music Production
 - Self-Taught Guitarist (Acoustic and Electric)
 - Midi-Keyboardist
 - Lyricist
 - Vocalist
 - Composer/ Arrangements
- Film Production
 - Splicing vocal samples
 - Writing score to film trailer
 - Sound Effect Design/ Recording

Education

- **Bachelor of Arts in Music Production**
Los Angeles Film School 2022 - 2025
Gained technical skills and gained a broader understanding of music production and artist management.
- **Associates of Science: Inside Wireman**
Foothill Community College 2016 - 2020
Training to become a licensed electrician by providing both classroom instruction and on-the-job training. Skills include: install, maintain, and repair electrical systems in residential, commercial, and industrial settings; graduates are eligible to take the state-certified electrician exam to become journeyman electricians.

Experience

- **Journeyman Union Electrician**
IBEW 332 2015 - Present
As a journeyman electrician, I am put in charge of building commercial buildings up to California codes and the specification of the customer. Install, maintain, and repair electrical systems in commercial buildings. Directing and teaching apprentice electricians as they work through their trade schooling.
- **Material Handler**
IBEW 332 2014 - 2015
The lead material handler, I oversaw organizing and shipping both tools and materials for the Apple Campus job site in Cupertino, Ca. I directed a team of 4-5 people to work together and fill orders daily and logged all shipped tools into the ToolWatch system.

Proficiency

- Logic Pro
- Ableton Live 11
- Pro Tools
- Microsoft Suite (Word; Excel; PowerPoint)
- Pages
- Numbers
- Keynote
